BREADTAGS for wheelchairs

As recently reported in the Timaru Herald and on Stuff, bread tags are being collected to help a charity in South Africa to purchase wheelchairs for those in need.

We have decided to also support this initiative as it is not only helping these people in need but also our own environment. There are currently 50 collection points around New Zealand.

We have a box in the office, let's see how quickly we can fill it!

More information about the charity check out the website <http://www.breadtagsforwheelchairs.co.za> or the NZ Facebook page Bread Tags for Wheelchairs NZ .

Little Tags Make a Big Impact!

Bread tags come in many shapes, sizes and colors. Made of High Impact Polystyrene they have a good recycling value. It takes 200 bread bags full of tags that are packed into 10 black bags or 200 kg of tags to bring in enough money to buy one wheelchair.

Collecting bread tags, even broken ones, makes a difference to our environment too as they are recycled into seedling trays, picture frames, coat hangers and other items.
